

East African Greater Kudu

SCI Record Book of Trophy Animals and the
SCI Trophy Records Committee proudly presents
this certificate to:

Mechislav Klimovich

for taking a East African Greater Kudu
with a Rifle measuring 110

On a hunt in Tanzania, Masailand on 11/05/2009
Measured by Mechislav Klimovich on 03/20/2010.
Entry currently ranks Number 122, a Bronze Medal trophy

**Tragelaphus
strepsiceros bea**

DESCRIPTION The body and horns of the East African greater kudu are somewhat smaller than those of the southern subspecies, the body color is brighter and the stripes are more conspicuous. There usually are 6-8 vertical stripes on each side.

DISTRIBUTION The Imatong Mountains of southeastern Sudan, the Karamoja region of northeastern Uganda, in Kenya, and in Tanzania.

TAXONOMIC NOTES Includes *bea* (Kenya) and *frommi* (Tanzania), with *bea* Heller, 1913 having priority.
