## Камчатские заметки

Суббота 14 августа

Вылет с многолетним другом и товарищем по охотам Евгением из Москвы (аэропорт Шереметьево) в Петропавловск- Камчатский.

Воскресение 15 августа, 18-00. Прибытие в Петропавловск.

Встреча в аэропорту с Сергеем и Леной (принимающая сторона) и выезд в гостиницу. Отсыпаемся, купаемся в бассейне на минеральных источниках.

Понедельник 16 августа, 11-30. Вылет из Елизово в Тилички (Север Камчатки), а затем с еще одним американским коллегой- охотником Питером и тремя сопровождающими (Александр, Анатолий и Володя) перелетаем на вертушке на базу в горы.

Обустройство кэмпинга (все привезли с собой). В тот же день - пристрелка ружей.

Вторник 17 августа

Первый выход в горы. Лишь на обратном пути встречаем стадо коз с козлятами. Погода прекрасная, но полно мошки.

Вспоминаю свою первую поездку в Сибирь в Тюменский край со студенческим стройотрядом. Из- за мошки вечерами в безоблачном небе не было видно звезд.

Здесь ее чуточку поменьше.

Среда 18 августа

Погода портится на глазах. Ходим по горам до обеда.

Сопровождающие нас местные ребята остаются дежурить в горах, может что-то увидят.

Возвращаются к вечеру уставшие и насквозь промокшие. Результат— ноль.

Четверг 19 августа

Погода дрянная, но прямо с базы видим на ближайшей горе козла. За ним пошли Евгений с Анатолием. Я с Володей уходим на другую гору на восток. Питер с

Александром на Запад, а куда им еще — как-никак американец.Евгений стреляет первого козла. Я тоже делаю первый выстрел по козлу, но и единственный....

Подраненный козел уходит .... в ТУМАН! Ничего больше не видно. Еле успеваем вернуться на базу.

Пятница 20 августа

Погода дрянь. Сплошной туман, ничего не видно. Естественно сидим на базе. Начинаю точить палки.

Суббота 21 августа

Погода не меняется. Туман, дожди. Точу палки. После обеда пытаемся выйти в горы, но быстро сворачиваемся. Ни зги не видать!

Воскресение 22 августа Погода еще хуже. Кончаются колбаса и кофе. Правда «лекарственных» напитков хватает и на улице, рядом подстреленный

Евгением баран. Не пропадемс... После обеда Володя с Анатолием пытаются выйти в горы, но безрезультатно. Говорят - видели небольшого козла.

Смотрим фильмы — есть с собой компьютер и генератор. Но все равно ТОСКА!!!! К вечеру поднимается сильный ветер, может что-то изменится.

Понедельник 22 августа Погода дрянь, но ветер поутих.

Обсуждаем план эвакуации. Если погода не изменится — придется пешочком, по горам..... Вертушка то может и не прилететь. А пока смотрим кино, а я точу уже седьмую

палку - каждому члену команды. Может пригодятся?

Вторник 23 августа

Погода обнадеживает. Кумлюсы переходят в коламлибусы, а коламлибусы вроде бы обещают перейти в стратусы — так говорит наш знаток метеорологии Анатолий. Все

ржем, кроме американца. Он в этой метео- коламнибусологии ничего не понимает. А нас Анатолий рассмешил конечно до упада.... Хоть какая-то надежда!

Среда 24 августа

Погода — кукумбус заебумбус. На завтрак уходят последние резервы. Доедаем мой неприкосновенный запас — ксендзовскую колбасу. Сидим и пьемс... в

надежде на вертушку. Американец надежно осваивает русский язык. Все у него начинается со слов «физдец» или

«полный физдец». Его словарный запас постоянно пополняется - очень обучаемый товарищ, сразу видно - Интеллигент.Четверг 25 августа

Наконец что-то засветилось! Выходим на охоту. Пятикилометровый кросс по пяти сопкам и добыча сначала Питером барана, а потом и я нахожу своего

подранка. Но в результате - падение с горы и разбитое колено. Три километра с подвернутой ногой по относительной равнине, встреча на Эльбе с

американцем (см.фото) и бессонная ночь с мучительной болью в ноге.

Пятница 26 августа

Погода прекрасная. Мое чудесное исцеление Питером (он оказывается имеет свою клинику в Америке и соответственно взял с собой приличные запасы

медикаментов). Днем отсыпаюсь, а вечером неожиданно прилетает вертушка с закуской и водочкой...

Суббота 27 августа Вылетаем в Тилички. Здесь

сначала прощаемся с Анатолием и Кирылычем — отъезжающих на

«нашем ответе Хаммеру» (см.фото).

Питер в присутствии экзаменационной комиссии в первом же магазине уверенно сдает экзамен по русскому языку . Всех .....приятно УДИВИЛ, особенно женщин. И мы

передаем его со спокойной совестью в руки Марины. Она через несколько дней отправит его с глубоким знанием русского языка в Америку. Сами же вылетаем в Палану на

новую базу. Кайф — отапливаемые домики и самое главное — баня на берегу реки. Приличное питание. Одним словом — курорт.

Воскресение 28 августа Вылетаем на вертушке в горы. Ребята оставляют меня на вершине сопки с хорошим

обзором, а сами уходят в стороны высматривать баранов. Через полтора часа прибегает гонец с вестью, что на соседней сопке они увидели двух хороших

баранов.

Двухкилометровый забег по горам и в результате хороший трофей снежного барана.

У Евгения тоже прекрасный трофей снежного барана. Под вечер прилетает вертушка. На обратной дороге видим хорошего медведя. Принимаю решение идти за ним.

В результате два прекрасных трофея в один день. Как говорил наш друг Анатолий — «тут карта и поперла». А вечером опять контрастная банька.

ПРЕКРАСНО!!!

Понедельник 29 августа Вылетаем на рыбалку к озеру и истоку реки.

Рыбы много, но ловится не очень. Опыта маловато. И несмотря на его отсутствие: три микижи, одна нерка и одна кунжа, а вместе с командой -почти ведро

прекрасной красной икорки...По дороге обратно шикарный трофей медведя у Евгения, а у меня отличный видео-съёмочный материал. Ну и вечером чудная

банька с прощальным ужином.

НЕПОВТОРИМАЯ, НЕЗАБЫВАЕМАЯ КАМЧАТКА!!!!!!
